

Recommendation for Marilyn Brennan

Realtor

Long & Foster Realtors

"As a three-peat customer, I would recommend Marilyn for any real estate transaction. I had the opportunity to first meet her in 2000 when our family was relocated from Texas to Virginia. She was very accommodating and helped us find a house in only one day. I find her to be well connected and have always been a tremendous help way beyond the real estate transaction. She so impressed us in 2000, that we worked with her and Chris again in 2007 to purchase a new home and then sell our old house in an already depressed housing market. I value her judgment and intuitive thinking. Marilyn and Chris are not only fantastic real estate agents, but have become great friends. Thanks for hanging in there with us!"
