

## **Recommendation for Marilyn Brennan**

*Realtor*

Long & Foster Realtors

"I have known Marilyn for more than five years. She helped us find the perfect home in an ideal neighborhood when we first moved to Northern Virginia. Since then she has been one of our closest allies and trusted friends. Marilyn recognizes that a sale is not about the transaction, it is about relationships and creating value for the customer. She is very detailed in her work, knows the market better than anyone and works extremely hard for her client. When I am ready to sell or purchase my next home Marilyn will be the first person I call." *January 6, 2009*
